

POLICY PENCIL POINTS

Effective Date 10/25/2017

What's New?

- **Child Passenger Safety Technician (CPST):** This policy establishes the role of the CPST after completing the mandatory four day training to become a CPST. The role of the CPST is to educate the community and staff about the proper installation of child safety seats. The CPST must participate in the One Day Functional Awareness Car Seat training offered by the Office of Training and Professional Development a minimum of six times annually in addition to the requirements for recertification. Each Local Office and the Office of OOL Resource Family Licensing Office must have at least two staff members function as a CPST.
